SUMMER IS OVER

An autobiographical story for young adults about two teenage friends who grow and learn to deal with life's challenges.

Massa is 18 and lives in Tuscany. He has an older sister with whom he often butts heads and many dreams and doubts to think about. Checco is his friend, who is always ready to give unusual answers to his questions and to share his emotions and adventures.

Together the two friends expect to spend another summer made of Vespa rides and long walks in sunflower fields, but most of all filled with questions.

Massa doesn't know this summer is going to change him forever, nor that he is about to face life's hardest challenge and that Checco will soon become the only person he can count on.

This is the story of a boy who is looking for himself and of a friendship that can overcome all obstacles. People can leave their fears behind only when they are willing to set themselves free from all obligations and to start listening to their inner voice.
